

# You and Your Future

Fill out these questions with as much or as little information as you would like. Try to be honest and clear with your answers. Remember to keep a hold of these answers so you can reflect on them later!

1. If you could choose any career in the world to do at any point in your future, what would it be? (Go on, be crazy...and you can choose more than one!)

2. Why is this your 'dream' choice of career?

3. What do you imagine yourself realistically doing in 10 years and 20 years' time? (This can include a job(s), career, raising a family, part-time or full-time work...)

a. In 10 years I imagine I will be:

b. In 20 years I imagine I will be:

Now answer either question 5 or question 6...

5. If your realistic career choices are different from your 'dream' choices, why do you think this is? (Is it money, qualifications, don't know where to start, motivation...or something else?)

6. If your realistic careers are the same as your 'dream' choices, do you have a plan for how you want to get there – or are you just confident you can make it happen somehow?
